## Message from Campus Principals

### Hello Everyone

The after school tutoring is a very valuable program that all students can access. It runs on Tuesday and Thursday afternoon from 3.00pm onwards. On Tuesday this week almost 60 students took advantage of the tutoring that is offered free of charge. Two new tutors were in attendance and from all accounts our students found them very approachable and helpful.

Chips and pizza are supplied and many teachers as well as tutors are available for students seeking help with their studies. Students are strongly encouraged to attend and get the extra help they may need to keep up or to get ahead of the work they undertake in their classes. Please encourage your student to take advantage of this very worthwhile program.

Many thanks to Russell Mitchell and his team of regular teachers and tutors who are building this program up so much.

### SRC & Leadership Lunch

On the 8<sup>th</sup> May, Campus Leadership had lunch with the Campus SRC committee at the Federation University Lounge. The purpose of the lunch was to meet informally with the SRC and to chat about how they feel things are going at University Campus. Quite a few topics were explored and discussed at some length and will be further discussed in the near future.

We would like to thank Matt Woodhouse and his very interested and engaging SRC group for their work so far this year.

### Attitudes to School Surveys

The annual Attitudes To School Surveys are now almost complete. These surveys, which all students must complete, ask for feedback on their school experience and satisfaction with their education in general. Specific questions on bullying and the school environment help us to establish how safe students feel at school.

The results of the surveys will be sent to the College soon and we will look closely at areas that students indicate need attention. Thanks to all the students who treated these surveys seriously so that the results show genuine areas that need improvement at University Campus.

## Short period Homestay Families Required

Kurnai College will be hosting two short term Chinese Study tours during Term 3 this year as part of our International Program. We are looking for families who would be interested in hosting a Chinese student/s for up to a week.

While at Kurnai, the students will participate in a mix of English Language classes located at the University Campus and immersion classes at the Junior Campuses. These classes will be followed up by organised afternoon activities within the local area.

The Homestay is to provide a welcoming, nurturing and safe environment for young students, as it will likely be the first time these students have been out of China. If possible, it may pay to consider having two students billeted with your family making it less daunting and easier for both you and the students.

Hosting an international student is very rewarding and offers a wonderful opportunity to learn about a new culture and share our Australian way of life. This would be a great opportunity to consider for our students who are currently studying Mandarin or have/will be participating in our trips to China.

Host families are paid a nominal fee of \$30.00 per night per student, which is to assist with food, accommodation and transportation as required for students that are living with them.

The *anticipated* dates for these visits are:

31<sup>st</sup> July – 6<sup>th</sup> August - Students from Yiting & Heyetang Middle School from Hang Zhou (Yrs. 7 & 8)

6<sup>th</sup> August – 9<sup>th</sup> August - Students from Xinhe Middle School from Hang Zhou (Yrs. 10 & 11)

If you are interested or want more information please contact Corine Noblet on

# What's been happening in Wood Tech?

Year 11 VCE Product Design & Technology student Cain, set about to design a custom made Phone Holder with charging capability and his design work led to this creation.

The students learnt about Sustainable Materials and the importance of using such materials to lessen the strain on the environment. Cain used plantation grown Cypress Pine to build his product, as this is a Sustainable material. Cain's modern looking phone holder ticked all the boxes!

Caleb set himself the challenge of designing a Low Rider Relaxation Chair and he came up with the below product..

Classmate Cain was happy to trial Caleb's Chair and he gave it the thumbs up!

In VCAL Wood, Pat designed and built a shelved, Fish Cleaning Table, which he did a fantastic job of while showing off his high-level woodworking skills.

Pat plans to seal his creation with help from his dad so it last longer and holds up to the upcoming wear and tear of fish cleaning.

George designed and built a custom-made towel storage unit for his mum. George finished his product in Walnut Stain and Clear Varnish, which finished off his unit perfectly.

Mitch designed and created the all-purpose table with the help of classmate, Top. The boys worked together excellently to bring this great looking piece together.

As the teacher of all these students, I am very happy with the enthusiasm, creativity and safe work practices I am seeing in each of our lessons.

More to come!

*Russell Mitchell*, Wood Tech Teacher.

## 2018 Mid Year Lectures

Mid Year VCE Lectures are available for students to attend at **La Trobe University, Bundoora** from Monday the 2<sup>nd</sup> of July to Wednesday the 4<sup>th</sup> of July or at **Monash University, Clayton** from Wednesday the 4<sup>th</sup> of July to Friday the 6<sup>th</sup> of July.

Subjects covered during the lectures are; English, Psychology, Further Maths, Legal Studies, Physical Education, Biology, Physics, Chemistry, Maths Methods, Business Management and Health and Human Development.

Students wishing to sign up for these lectures are encouraged to speak to Russell Mitchell before Friday the 18<sup>th</sup> of May to register their name against the lectures they wish to attend. Each lecture will cost the students \$10 and the school will subsidise the remainder of the cost. Students will need to make their own arrangements for travel to and from the lectures.

For additional information about this program contact the college and ask for Russell Mitchell.

## After school study sessions

Students have been productively using the after school study sessions held in the library each Tuesday and Thursday evening. Regularly thirty to fifty students are using the available teachers and tutors to complete classwork and brush up to areas that need improving.

## GAT – 13<sup>th</sup> June (Arrive at 9:40am. Commences 10am-1:15pm)

The General Achievement Test is a three-hour test of student's general knowledge and skills in:

- Written communication
- Mathematics, science and technology
- Humanities, the arts and social sciences

All VCE students who are currently undertaking a Unit 3 and Unit 4 for any subject are required to sit this test. It is used to ensure that your child's results are consistent across their School-Assessed Coursework and exams. It is also used to aid in the calculation of a study score in a subject where a student was unable to attend their exams due to unforeseen circumstances.

While no special study is required for the GAT we encourage all students to take this test seriously and complete it to the best of their ability.

A briefing for all students will be held on Monday 28<sup>th</sup> May to provide students with specifics regarding this test as well as the rules for conduct during external assessments. All students who are undertaking the GAT are required to attend.
